

WPI 90

WHEY PROTEIN ISOLATE 90%

Item Number: 99100

Whey Protein Isolate is a pure and natural protein derived from the highest quality sweet dairy whey. The product is a creamy white free-flowing powder, spray dried at low temperature to preserve the natural properties of this unique protein. Product has a very clean, bland flavor.

Nutritional Value

Global Nutrition protein is produced with a proprietary process that extracts the native whey proteins in a highly purified form. This product's unsurpassed nutritional value provides easily digestible protein, an elevated level of branched-chain amino acids and a high content of glycomacropeptides. The amino acid profile makes it the perfect protein for better health and nutrition.

Functionality

The gentle production process preserves the proteins in their natural state providing for high solubility, foaming and gelling. This undenatured protein will add reduced opacity when rehydrated compared to proteins produced with other processes.

PHYSICAL PROPERTIES

Flavor and Odor	Clean and Bland
Color	White to Orange
Scorched Particle Content	≤ 15.0 mg

ANALYTICAL PROPERTIES

Protein (N*6.38) Dry Basis	90% Minimum
Lactose	3.0% Maximum
Moisture	6.0% Maximum
Fat	1.0% Maximum
Ash	3.5% Maximum
pH (15% solution)	5.5 - 6.4

MICROBIOLOGICAL STANDARDS

Standard Plate Count (SPC)	≤20,000 CFU/g
Coliform	≤10 CFU/g
Yeast and Mold	≤100 CFU/g
Salmonella	Negative
Staphylococcus aureus	<10 cfu/g
E. coli	<10 cfu/g
